## **OVERVIEW**

This course studies several contemporary social theories from the mid-20<sup>th</sup> century to the present. We will cover some central contributors to structural functionalism, symbolic interactionism, conflict theory, feminist theory, and post-modernism.

## **LEARNING OUTCOMES**

Upon completion of this course, the students will be able to:

- ✓ Identify the basic theoretical perspectives of major contemporary social theorists such as Parsons, Merton, Mead, Marcuse, Goffman, and Foucault.
- ✓ Describe how the major contemporary social theorists strove to explain the social changes happening in late modernity and in our current social world.
- ✓ Compare critical perspectives on modernity, to more conservative approaches, such as structural functionalism.
- ✓ Evaluate and apply contemporary social theorists to understanding contemporary social phenomena.
- ✓ Demonstrate competency in written communication skills.

*Students may vary in their competency levels on these outcomes. They can expect to achieve these outcomes if they honor course policies, attend classes regularly, complete all assigned work in good faith and on time, and meet all other course expectations of them as students (Linda Nilson, *Teaching at its Best*, 2010: 37).*

## **Brescia Competencies**

The Brescia Competencies are the building blocks of your Brescia experience. They help you to think critically and participate actively in society – attributes you will apply throughout your entire life. Regardless of what degree you choose, these skills, values, and abilities prepare you to lead with wisdom, justice, and compassion in a changing world. Throughout this course, students will work towards developing the following Brescia Competencies:

**Communication** includes the articulation of one’s ideas, developing informative and persuasive arguments in all forms of communication, understanding the communication context. Students will also develop interpersonal communication skills including working with others in groups, sharing opinions, resolving conflicts, offering ideas, listening to others, asking questions, and demonstrating effective nonverbal behaviours.

**Inquiry and Analysis** involves the methodical practice of exploring issues and posing questions to seek information, knowledge, or clarity in order to gain a more comprehensive understanding of what is true. Inquiry and analysis begins with the collecting of information, the examination of the knowledge, and then converting the material into valuable new knowns. Knowledge is therefore discovered over time because investigation is continual, as is the testing of new knowledge. Once the evidence has been organized and synthesized, conclusions about the question or problem are developed that logically follow from the inquiry process.

**Critical Thinking** involves reasoning, a process where we create arguments by connecting thoughts together so that some thoughts (premises) provide support for other thoughts (conclusions). There are three basic skills involved in critical thinking: interpretation, verification and reasoning. The first skill comprises understanding how words express or fail to express thoughts, expressing clearly what we mean, and discerning an argument’s structure. The second skill involves determining whether premises are acceptable. And the third skill encompasses evaluating whether premises make it reasonable accept the conclusion.

**Social Awareness and Engagement** involves the “the ability to understand and respond to the needs of others” (Daniel Goleman). To do so, students need to develop an understanding of the interrelationship between individual and society. They come to see how their actions influence, and are influenced by, other people, social institutions, and social structure. They appreciate the diverse standpoints and cultural experiences of others, and attempt to see things from different perspectives. Socially aware and engaged students demonstrate knowledge of contemporary social problems, and propose solutions for dealing with these issues. They have the ability to

reflect on the impact they have on others. They are able to work with a diverse group of people in intercultural contexts to develop and implement social justice initiatives and enact positive social change.

ACADEMIC POLICIES AND REGULATIONS**

**1. POLICY REGARDING MAKEUP EXAMS AND EXTENSIONS OF DEADLINES**

When a student requests academic accommodation (e.g., extension of a deadline, a makeup exam) for work representing 10% or more of the student’s overall grade in the course, it is the responsibility of the student to provide acceptable documentation to support a medical or compassionate claim. All such requests for academic accommodation **must** be made through an Academic Advisor and include supporting documentation. Academic accommodation for illness will be granted only if the documentation indicates that the onset, duration and severity of the illness are such that the student could not reasonably be expected to complete her academic responsibilities. Minor ailments typically treated by over-the-counter medications will not normally be accommodated. Documentation shall be submitted as soon as possible to the student’s Academic Advisor indicating the period of illness and when the student should be able to resume academic responsibilities. Students must submit their documentation along with a request for relief specifying the nature of the accommodation being requested no later than two business days after the date specified for resuming responsibilities. Appropriate academic accommodation will be determined by the Dean’s Office in consultation with the student’s instructor(s). Please note that personal commitments (e.g., vacation flight bookings, work schedule) which conflict with a scheduled test, exam or course requirement are **not** grounds for academic accommodation.

A UWO Student Medical Certificate (SMC) is **required** if a student is seeking academic accommodation on medical grounds. This documentation should be obtained at the time of the initial consultation with the physician/nurse practitioner or walk-in clinic. A SMC can be downloaded from: <http://www.westerncalendar.uwo.ca/2016/pg117.html> The student must request documentation sufficient to demonstrate that her ability to meet academic

responsibilities was seriously affected. Please note that under University Senate regulations documentation stating simply that the student “was seen for a medical reason” or “was ill” is **not** adequate to support a request for academic accommodation.

Whenever possible, requests for academic accommodation should be initiated in advance of due dates, examination dates, etc. Students must follow up with their professors and Academic Advisor in a timely manner.

The full policy on requesting accommodation due to illness can be viewed at: [http://www.uwo.ca/univsec/pdf/academic\\_policies/appeals/accommodation\\_illness.pdf](http://www.uwo.ca/univsec/pdf/academic_policies/appeals/accommodation_illness.pdf)

## 2. ACADEMIC CONCERNS

If you feel that you have a medical or personal problem that is interfering with your work, contact your instructor and Academic Advisor as soon as possible. Problems may then be documented and possible arrangements to assist you can be discussed at the time of occurrence rather than on a retroactive basis. Retroactive requests for academic accommodation on medical or compassionate grounds may not be considered.

If you think that you are too far behind to catch up or that your work load is not manageable, you should consult an Academic Advisor. If you consider reducing your workload by dropping one or more courses, this must be done by the appropriate deadlines (refer to the Registrar's website, [www.registrar.uwo.ca](http://www.registrar.uwo.ca), for official dates). You should consult with the course instructor and the Academic Advisor who can help you consider alternatives to dropping one or more courses. *Note that dropping a course may affect OSAP eligibility and/or Entrance Scholarship eligibility.*

The Dean may refuse permission to write the final examination in a course if the student has failed to maintain satisfactory academic standing throughout the year or for too frequent absence from the class or laboratory (<http://www.westerncalendar.uwo.ca/2016/pg130.html> )

## 3. ABSENCES

**Short Absences:** If you miss a class due to a minor illness or other problems, check your course outline for information regarding attendance requirements and make sure you are not missing a test or assignment. Cover any readings and arrange to borrow notes from a classmate. Contact the course instructor if you have any questions.

**Extended Absences:** If you have an extended absence, you should contact the course instructor and an Academic Advisor. Your course instructor and Academic Advisor can discuss ways for you to catch up on missed work and arrange academic accommodations, if appropriate.

## 4. POLICY ON CHEATING & ACADEMIC MISCONDUCT

Scholastic offences are taken seriously and students are directed to read the appropriate policy, specifically, the definition of what constitutes a Scholastic Offence, at the following Web site: <http://www.westerncalendar.uwo.ca/2016/pg113.html>

Students are responsible for understanding the nature of and avoiding the occurrence of plagiarism and other academic offences. Students are urged to read the section on Scholastic Offences in the Academic Calendar. Note that such offences include plagiarism, cheating on an examination, submitting false or fraudulent assignments or credentials, impersonating a candidate, or submitting for credit in any course without the knowledge and approval of the instructor to whom it is submitted, any academic work for which credit has previously been obtained or is being sought in another course in the University or elsewhere. Students are advised to consult the section on Academic Misconduct in the Western Academic Calendar.

If you are in doubt about whether what you are doing is inappropriate or not, consult your instructor, the Student Services Centre, or the Registrar. A claim that "you didn't know it was wrong" is not accepted as an excuse.

The penalties for a student guilty of a scholastic offence (including plagiarism) include refusal of a passing grade in the assignment, refusal of a passing grade in the course, suspension from the University, and expulsion from the University.

### **Plagiarism:**

Students must write their essays and assignments in their own words. Whenever students take an idea or a passage from another author, they must acknowledge their debt both by using quotation marks where appropriate and by proper referencing such as footnotes or citations. Plagiarism is a major academic offence (see Scholastic Offence Policy in the Western Academic Calendar).

All required papers may be subject to submission for textual similarity review to the commercial plagiarism detection software under license to the University for the detection of plagiarism. All papers submitted for such checking will be included as source documents in the reference database for the purpose of detecting plagiarism of papers subsequently submitted to the system. Use of the service is subject to the licensing agreement, currently between The University of Western Ontario and Turnitin.com.

### **Computer-marked Tests/exams:**

Computer-marked multiple-choice tests and/or exams may be subject to submission for similarity review by software that will check for unusual coincidences in answer patterns that may indicate cheating. Software currently in use to score computer-marked multiple-choice tests and exams performs a similarity review as part of standard exam analysis.

## **5. PROCEDURES FOR APPEALING ACADEMIC EVALUATIONS**

All appeals of a grade must be directed first to the course instructor. If the student is not satisfied with the decision of the course instructor, a written appeal signed by the student must be sent to the Department Chair. If the response of the department is considered unsatisfactory to the student, she may then submit a signed, written appeal to the Office of the Dean. Only after receiving a final decision from the Dean may a student appeal to the Senate Review Board Academic. A Guide to Appeals is available from the Ombudsperson's Office, or you can consult an Academic Advisor. Students are advised to consult the section

on Student Academic Appeals under Academic Rights and Responsibilities in the Western Academic Calendar (<http://www.westerncalendar.uwo.ca/2016/pg112.html> )

## **6. PREREQUISITES AND ANTIREQUISITES**

Unless you have either the prerequisites for a course or written special permission from your Dean to enroll in it, you will be removed from the course and it will be deleted from your record. This decision may not be appealed. You will receive no adjustment to your fees in the event that you are dropped from a course for failing to have the necessary prerequisite(s).

Similarly, you will also be deleted from a class list if you have previously taken an antirequisite course unless this has the approval of the Dean. These decisions may not be appealed. You will receive no adjustment to your fees in the event that you are dropped from a course because you have taken an antirequisite course.

## **7. SUPPORT SERVICES**

The Brescia University College Registrar's website, with a link to Academic Advisors, is at <http://brescia.uwo.ca/academics/registrar-services/> .
