

Psychology 1010A, section 531
Introduction to Psychology as a Natural Science
Dr. Shelley Cross-Mellor
2019-2020

COURSE DESCRIPTION

This course introduces students to the biological bases (evolutionary, genetic, and physiological) of behaviour. The course surveys core areas of psychology including behaviour genetics and evolutionary psychology, brain and behaviour, sensation and perception, learning, states of consciousness, motivation and emotion, and cognitive psychology.

Antirequisites: Psychology 1000, 1000 W/X, 1100E

COURSE INFORMATION

Classes: Thursdays 6:30 – 9:30 pm, BR 2001

Instructor: Dr. Shelley Cross-Mellor

Office: UH 356

Email: scrossmellor@gmail.com

Office Hours:

Course Website The course website, on OWL, has lecture outline notes, exam information, a copy of the course outline and other course information. You will be able to check your test and exam marks on the course website. Please check this website regularly!

TEXTBOOK (Required)

Passer, Smith, Atkinson, Mitchell, and Muir. (2017). *Psychology: Frontiers and Applications, Sixth Canadian Edition*. Toronto: McGraw-Hill Ryerson Limited.

The study guide is online through the Connect platform. This is an optional tool for your resource and not required although many students find it extremely helpful. Your access code for the online resource is on a card included in your textbook when purchased new

COURSE OBJECTIVES

By the end of this course, students should be able to:

- Compare and contrast different theoretical approaches to the study of psychology (*Brescia Competencies: critical thinking; inquiry and analysis; problem solving*)
- Understand psychology as a science, including research design and methodology used to approach the study of psychology (*critical thinking; inquiry and analysis; problem solving*)
- Recognize the different structures of the central and peripheral nervous system and their functions (*Brescia Competencies: critical thinking; inquiry and analysis; problem solving*)
- Understand how language, motivation, and cognition influence behaviour; and the processes involved in human and animal learning (*Brescia Competencies: critical thinking; inquiry and analysis; problem solving*)
- Critically analyze journal articles, and interpret the findings (*Brescia Competencies: critical thinking; inquiry and analysis; problem solving*)
- Students will also have an opportunity, via voluntary participation, to have an active role in the research process and to experience directly how psychological research is performed (*Brescia Competencies: critical thinking; inquiry and analysis; communication*)

CLASS SCHEDULE

Date	Topic	Reading
September 5	Introduction to the Course	
12	Psychology: The Science of Behaviour	1
19	Studying Behaviour: Research Methods and Statistics	2, Appendix
26	Catch-Up and Review	
October 3	Exam #1	Chapters 1, 2 & Appendix
10	Biological Foundations of Behaviour	3
17	Genes, Evolution, and Behaviour	4
24	Sensation and Perception	5
31	Exam #2	Chapters 3, 4, 5
November 7	<i>Fall Reading Break – no class</i>	
14	States of Consciousness	6
21	Learning and Adaptation	7
28	Learning and Adaptation	7
December 5	Memory	8
December 8-19	Final Exam	Chapters 6, 7, 8

Topics will be covered in the order given above. *Approximate* lecture dates are listed so that you can keep up with the readings. It is best to read the assigned chapter or chapter section briefly before class, and then return to the text and reread the material more carefully after we have discussed it in class. The lectures will highlight certain aspects of each topic and may include material that is not in the text to update and expand upon the topic. Classes will include lectures, video clips, films, demonstrations and activities to help further understand material. There is not enough time to cover all of the material from the text in class; you are, however, responsible for all of the material from the text as well as material presented in class.

EVALUATION & EXAM SCHEDULE

EXAM #1: Scheduled for Thursday October 3, in class (2 hours). The exam will consist of approximately 50 multiple choice questions - and is worth 25% of your course mark. Questions will be based on material from Chapters 1 and 2 + Appendix and the corresponding classes.

EXAM #2: Scheduled for Thursday October 31, in class (2 hours). The exam will consist of approximately 60 multiple choice questions - and is worth 35% of your course mark. Questions will be based on material from Chapters 3, 4 and 5 as well as the corresponding classes.

Final Examination: Scheduled during the Final Examination Period (December 8-19). The Final Exam is worth 35% and will contain approximately 60 multiple choice questions based on Chapters 6, 7 and 8 and the corresponding classes.

Evaluation Summary:

Exam #1 (Oct. 3):	25%
Exam #2 (Oct. 31):	35%
Final Exam (Dec. 8-19):	35%
Research participation	<u>5%</u>
	100%

Please note that grades **cannot** be adjusted on the basis of need. Your mark in the course will be the mark that you earn. Tests and exams cannot be re-written to obtain a higher mark and there are no extra credit assignments available.

For academic accommodation to be considered for any course component worth less than 10% of the final course grade, it is the responsibility of the student to approach the course instructor(s) in a timely fashion. Documentation will be required to be submitted to the academic advisor. The request for accommodation will be decided by the academic advisor in consultation with the instructor. If documentation is not required, the instructor will make the final decision. The policies governing requests for academic accommodation for course components worth 10% or more of the course grade are outlined in the Academic Policies section included at the end of the course outline.

Note that if a make-up exam is approved by your academic advisor the format of the exam may be of a different format than the original exam (e.g. including short answer and fill-in-blank questions). Make-up exams are typically held during Brescia's common make-up time of Friday afternoons (1-3pm).

RESEARCH PARTICIPATION

In Psychology 1010A/1015B, 5% of the overall mark is allocated to participation in Psychology with a "learn about research" theme. Such learning will be either practical or theoretical, allowing participation in research studies or production of short, general papers from reading selected research articles. All students must complete the participation requirement to gain these marks for the course. You may use any combination of papers or being a research subject as below to earn 5%.

Theoretical: Analysis of Research

Students may complete up to two theoretical papers. Students will read journal articles and answer set questions on each article. Members of faculty teaching psychology will choose short, research focused articles to form a set of ten or so from which students may choose which they wish to read. Successful completion of one research paper report will be allocated a mark of 2.5%.

It is advised that students complete as many theoretical papers as they can early in the Academic Year as this is a time when research participation may not yet be available. Also it will be easier to get a theory paper done early on, rather than waiting until later in the term when you might be busy with research participation.

Practical: Research Participation

Students will be allowed 2.5% per 30 min of research participation up to a maximum of 5% (1.0 hours). Participation will be rounded up to the nearest half hour; i.e. a 20 min research study will count as one “unit” of participation and be worth 2.5%, a 40 min session gains 5%. This option gives an opportunity to be involved in the research process and to see how psychological research is performed.

Sign-up for research studies will be done using an on-line booking system. More information regarding this booking system will be provided during the first week of class.

If you sign up for a study but you cannot attend the scheduled appointment, un-book as soon as possible. If you cannot attend a scheduled appointment, go online and remove your name so that the scheduled time can be used to work with another participant and so that the researcher does not show up unnecessarily. Be considerate of the researcher and if you sign up, show up.

Most of the research studies that will be available are by Psychology Honours Specialization students who are conducting the research for their Honour’s Thesis. All of the research studies posted in the Psychology Research Participation binder have been reviewed and given ethics approval. Only studies included in the Psychology Research Participation website can be used toward the 5% research participation mark in your Psych 1010a/1015b course at Brescia.

Deadlines:

All participation in (research participation and theoretical paper or papers) **must be completed by December 5th**. Any research participation or theoretical papers submitted after this deadline will not be considered. **Please note that a hard copy of the theoretical research paper(s) must be received by your instructor – email submissions will not be accepted.** Note: No student may be forced to participate in research studies - this is entirely a voluntary action. If you do not feel comfortable with research participation, the alternative is to complete five theoretical papers. All students have the opportunity to gain the full 5% participation mark. If you do not complete the requirements for participation before December 5th you will not be allowed to “make up” the lost

marks. You are strongly advised to write papers and/or participate in research studies as participation marks cannot be gained in any other way.

2019-20 BRESCIA UNIVERSITY COLLEGE ACADEMIC POLICIES AND REGULATIONS

1. POLICY REGARDING ACADEMIC ACCOMMODATION

The complete policy regarding [Accommodation for Illness - Undergraduate Students](http://www.westerncalendar.uwo.ca/PolicyPages.cfm?Command=showCategory&PolicyCategoryID=1&SelectedCalendar=Live&ArchiveID=#Page_12) can be found at http://www.westerncalendar.uwo.ca/PolicyPages.cfm?Command=showCategory&PolicyCategoryID=1&SelectedCalendar=Live&ArchiveID=#Page_12.

Students who have long-term or chronic medical conditions which may impede their ability to complete academic responsibilities should seek Academic Accommodation through Student Accessibility Services (http://www.westerncalendar.uwo.ca/PolicyPages.cfm?PolicyCategoryID=1&Command=showCategory&SelectedCalendar=Live&ArchiveID=#Page_10).

Personal commitments (e.g., vacation flight bookings, work schedule) which conflict with a scheduled test, exam or course requirement are **not** grounds for academic accommodation.

Students who experience an illness or extenuating circumstance sufficiently severe to temporarily render them unable to meet academic requirements may submit a request for academic consideration through the following routes:

1. Submitting a **Self-Reported Absence** form provided that the conditions for submission are met;
2. For medical absences, submitting a **Student Medical Certificate (SMC)** signed by a licensed medical or mental health practitioner;
3. For non-medical absences, submitting **appropriate documentation** (e.g., obituary, police report, accident report, court order, etc.) to their Academic Advisor. Students are encouraged to contact their Academic Advisor to clarify what documentation is acceptable.

Requests for Academic Consideration Using the Self-Reported Absence Portal

Students who experience an unexpected illness or injury or an extenuating circumstance of 48 hours or less that is sufficiently severe to render them unable to meet academic requirements should self-declare using the online Self-Reported Absence portal. This option should be used in situations where the student expects to resume academic responsibilities within 48 hours. Note that the excused absence includes all courses and academic

requirements within the up to 48 hours, it is not intended to provide an excused absence from a single course while students fulfill their academic responsibilities in other courses during that time.

The following conditions are in place for self-reporting of medical or extenuating circumstances:

1. Students will be allowed **a maximum of two self-reported absences** between September and April and one self-reported absence between May and August;
2. The duration of the absence will be for a maximum of 48 hours from the time the Self-Reported Absence form is completed through the online portal, or from 8:30 am the following morning if the form is submitted after 4:30 pm;
3. The excused absence will terminate prior to the end of the 48 hour period if the student undertakes significant academic responsibilities (writes a test, submits a paper) during that time;
4. Self-reported absences will **not** be allowed for scheduled final examinations; midterm examinations scheduled during the December examination period; or for final lab examinations scheduled during the final week of term;
5. Self-report absences may **not** be used for assessments worth more than 30% of any course;
6. Any absences in excess of 48 hours will require students to present a Student Medical Certificate (SMC), or appropriate documentation;
7. Students **must** communicate with their instructors **no later than 24 hours after the end of the period covered by the Self-Reported Absence form** to clarify how they will fulfil the academic expectations they may have missed during the absence.

Request for Academic Consideration for a Medical Absence

When a student requests academic accommodation (e.g., extension of a deadline, a makeup exam) for work representing 10% or more of the student's overall grade in the course, it is the responsibility of the student to provide acceptable documentation to support a medical or compassionate claim. All such requests for academic accommodation **must** be made through an Academic Advisor and include supporting documentation.

Academic accommodation for illness will be granted only if the documentation indicates that the onset, duration and severity of the illness are such that the student could not reasonably be expected to complete their academic responsibilities. Minor ailments typically treated by over-the-counter medications will not normally be accommodated.

The following conditions apply for students seeking academic accommodation on medical grounds:

1. Students must submit their Student Medical Certificate (SMC) along with a request for relief specifying the nature of the accommodation being requested no later than two business days after the date specified for resuming responsibilities. An SMC can be downloaded from http://www.uwo.ca/univsec/pdf/academic_policies/appeals/medicalform.pdf ;
2. In cases where there might be an extended absence or serious issue, students should submit their documentation promptly and consult their **Academic Advisor** for advice during their recovery period;
3. Whenever possible, students who require academic accommodation should provide notification and documentation in advance of due dates, scheduled tests or examinations, and other academic requirements;
4. Students **must** communicate with their instructors **no later than 24 hours** after the end of the period covered by the SMC to clarify how they will fulfil the academic expectations they may have missed during the absence;
5. Appropriate academic accommodation will be determined by the Dean's Office/Academic Advisor in consultation with the course instructor(s). Academic accommodation may include extension of deadlines, waiver of attendance requirements, arranging Special Exams (make-ups), re-weighting course requirements, or granting late withdrawal without academic penalty.

The [full policy on requesting accommodation due to illness](http://www.westerncalendar.uwo.ca/PolicyPages.cfm?Command=showCategory&PolicyCategoryID=1&SelectedCalendar=Live&ArchiveID=#Page_12) can be viewed at:

http://www.westerncalendar.uwo.ca/PolicyPages.cfm?Command=showCategory&PolicyCategoryID=1&SelectedCalendar=Live&ArchiveID=#Page_12

2. ACADEMIC CONCERNS

If you feel that you have a medical or personal challenge that is interfering with your work, contact your instructor and Academic Advisor as soon as possible. Problems may then be documented and possible arrangements to assist you can be discussed at the time of occurrence rather than on a retroactive basis. Retroactive requests for academic accommodation on medical or compassionate grounds are not normally considered.

If you think that you are too far behind to catch up or that your work load is not manageable, you should consult your Academic Advisor. If you consider reducing your workload by dropping one or more courses, this must be done by the appropriate deadlines; please refer to the [Registrar's website](http://brescia.uwo.ca/academics/registrar-services/), <http://brescia.uwo.ca/academics/registrar-services/> or the list of official sessional dates in the Academic Calendar (<http://www.westerncalendar.uwo.ca/SessionalDates.cfm?SelectedCalendar=Live&ArchiveID=>).

You should consult with the course instructor and the Academic Advisor who can help you consider alternatives to dropping one or more courses. *Note that dropping a course may affect OSAP eligibility and/or Entrance Scholarship eligibility.*

3. ABSENCES

Short Absences: If you miss a class due to a minor illness or other problems, check your course outline for information regarding attendance requirements and make sure you are not missing a test or assignment. Cover any readings and arrange to borrow notes from a classmate. Contact the course instructor if you have any questions.

Extended Absences: If you have an extended absence, you should contact the course instructor and an Academic Advisor. Your course instructor and Academic Advisor can discuss ways for you to catch up on missed work, and arrange academic accommodations if appropriate and warranted.

It is important to note that the Academic Dean may refuse permission to write the final examination in a course if the student has failed to maintain satisfactory academic standing throughout the year or for too frequent absence from the class or laboratory (http://www.westerncalendar.uwo.ca/PolicyPages.cfm?Command=showCategory&PolicyCategoryID=5&SelectedCalendar=Live&ArchiveID=#SubHeading_68).

4. SCHOLASTIC OFFENCES

Scholastic offences are taken seriously and students are directed to read the appropriate policy, specifically, the definition of what constitutes a Scholastic Offence at: http://www.westerncalendar.uwo.ca/PolicyPages.cfm?Command=showCategory&PolicyCategoryID=1&SelectedCalendar=Live&ArchiveID=#Page_20.

Students are responsible for understanding the nature of and avoiding the occurrence of plagiarism and other academic offences. Note that such offences include plagiarism, cheating on an examination, submitting false or fraudulent assignments or credentials, impersonating a candidate, or submitting for credit in any course without the knowledge and approval of the instructor to whom it is submitted, any academic work for which credit has previously been obtained or is being sought in another course in the University or elsewhere. Students are advised to consult the section on Scholastic Discipline for Undergraduate Students in the Academic Calendar.

If you are in doubt about whether what you are doing is inappropriate or not, consult your instructor, the Academic Dean's Office, or the Registrar. A claim that "you didn't know it was wrong" is not accepted as an excuse.

The penalties for a student guilty of a scholastic offence (including plagiarism) include refusal of a passing grade in the assignment, refusal of a passing grade in the course, suspension from the University, and expulsion from the University.

Plagiarism:

Students must write their essays and assignments in their own words. Whenever students take an idea or a passage from another author, they must acknowledge their debt both by using quotation marks where appropriate and by proper referencing such as footnotes or citations. Plagiarism is a major academic offence.

All required papers may be subject to submission for textual similarity review to the commercial plagiarism detection software under license to the University for the detection of plagiarism. All papers submitted for such checking will be included as source documents in the reference database for the purpose of detecting plagiarism of papers subsequently submitted to the system. Use of the service is subject to the licensing agreement, currently between The University of Western Ontario and Turnitin.com (<http://www.turnitin.com>).

Computer-marked Tests/exams:

Computer-marked multiple-choice tests and/or exams may be subject to submission for similarity review by software that will check for unusual coincidences in answer patterns that may indicate cheating. Software currently in use to score computer-marked multiple-choice tests and exams performs a similarity review as part of standard exam analysis.

5. PROCEDURES FOR APPEALING ACADEMIC EVALUATIONS

All appeals of a grade must be directed first to the course instructor. If the student is not satisfied with the decision of the course instructor, a written appeal is to be sent to the School Chair. If the response of the Chair is considered unsatisfactory to the student, they may then submit a written appeal to the Office of the Dean. If the student is not satisfied with the decision of the Dean, they may appeal to the Senate Review Board Academic (SRBA), if there are sufficient grounds for the appeal and if the matter falls within the jurisdiction of the SRBA. For information on academic appeals consult your Academic Advisor or see the Student Academic Appeals – Undergraduate in the Academic Calendar http://www.westerncalendar.uwo.ca/PolicyPages.cfm?Command=showCategory&PolicyCategoryID=1&SelectedCalendar=Live&ArchiveID=#Page_14.

Note that final course marks are not official until the Academic Dean has reviewed and signed the final grade report for the course. If course marks deviate from acceptable and appropriate standards, the Academic Dean may require grades to be adjusted to align them with accepted grading practices.

6. PREREQUISITES

Unless you have either the prerequisites for a course or written special permission from the Dean to enroll in it, you will be removed from the course and it will be deleted from your record. This decision may not be appealed. You will receive no adjustment to your fees in the event that you are dropped from a course for failing to have the necessary prerequisite(s).

7. SUPPORT**Support Services**

The Brescia University College Registrar's website, with a link to Academic Advisors, is at <http://brescia.uwo.ca/academics/registrar-services/>. Students can access supports through Brescia's Student Life Centre (<http://brescia.uwo.ca/life/student-life/>) and Learning Skills Services at Western (<https://www.uwo.ca/sdc/learning/>)

Mental Health and Wellness

Students may experience a range of issues that can cause barriers to your learning, such as increased

anxiety, feeling overwhelmed, feeling down or lost, difficulty concentrating and/or lack of motivation. Services are available to assist you with addressing these and other concerns you may be experiencing. You can obtain information about how to obtain help for yourself or others through **Mental Health & Wellness at Brescia** (<http://brescia.uwo.ca/life/mental-health-wellness/>) and **Health and Wellness at Western**, http://uwo.ca/health/mental_wellbeing/index.html.

Sexual Violence

All members of the Brescia University College community have a right to work and study in an environment that is free from any form of sexual violence. Brescia University College recognizes that the prevention of, and response to, Sexual Violence is of particular importance in the university environment. Sexual Violence is strictly prohibited and unacceptable and will not be tolerated. Brescia is committed to preventing Sexual Violence and creating a safe space for anyone in the Brescia community who has experienced Sexual Violence.

If you or someone you know has experienced any form of Sexual Violence, you may access resources at <http://brescia.uwo.ca/life/sexual-violence/>.
